ONLY ONE CONTEST
REMAINS IN DOUBTGeiger Leads Opponent By
Close Margin For Chief Jus-
tice of The Supreme CourtFullington Loses to Tracey In
Contest For Auditor of StateFew Changes Made in Returns
Now Being Tabulated

(By Associated Press)

Columbus, O., August 13.—Returns early today from Tuesday's primary election left only one race on the state ticket still in doubt. That was the one between Frank W. Geiger, of Springfield, and C. T. Marshall, Zanesville, for the Republican nomination for chief justice of the Supreme Court.

Geiger was leading by 168 votes on complete unofficial returns from 59 counties.

Yesterday's close races for the Democratic nomination for United States Senator, for Republican nomination for state auditor and for the Democratic nomination for lieutenant governor apparently were decided definitely on late returns.

Complete unofficial returns from all but 66 precincts in the state gave W. A. Julian, Cincinnati, a lead of 2,328 votes over Judge A. F. O'Neil, of Akron, for the Democratic nomination for senator.

Joseph T. Tracey, of Portsmouth, had a lead of 2,643 votes over E. M. Fullington for the Republican nomination for auditor on complete unofficial returns from all but 74 precincts.

Additional returns do not make any material changes in the vote of the leading candidates for other offices.

Following is the list of candidates nominated at Tuesday's election who will oppose each other for election in November.

GOVERNOR

Harry L. Davis, Republican; A. V. Donahay, Democrat.

UNITED STATES SENATOR

Frank B. Willis, Republican; W. A. Julian, Democrat.

LIEUTENANT GOVERNOR

Clarence J. Brown, Republican; Howell Wright, Democrat.

SECRETARY OF STATE

Harvey C. Smith, Republican; William D. Fulton, Democrat.

AUDITOR

Joseph T. Tracey, Republican; Daniel E. Butler, Democrat.

TREASURER

Rudolph W. Archer, Republican; Chas. C. Orwig, Democrat.

ATTORNEY GENERAL

John G. Price, Republican; Joseph McGhee, Democrat.

CHIEF JUSTICE

Undecided, Republican; Hugh L. Nichols, Democrat.

JUDGE SUPREME COURT

(Long Term)
Thomas A. Jones, Republican; Kent W. Hughes, Democrat.

JUDGE SUPREME COURT

(Short Term)
Benson W. Hough, Republican; Coleman Avery, Democrat.

RUSSIAN
CROWN
JEWELS
FOUND131 Big Diamonds Consigned
To "Comrade Martens"
Held By U. S. OfficialsRecognized As Loot of Soviets
And Are Believed to be Part
Of Crown Gems.

(By Associated Press)

Washington, August 13.—More than 100 diamonds, supposed to have been a part of the famous jewels of the Russian Royal family, and addressed to "Comrade Martens" have been intercepted by customs officials while enroute from Soviet Russia to the United States, according to evidence introduced at the deportation proceedings against Ludwig C. A. K. Martens, self-styled soviet ambassador to this country.

The diamonds, numbering 131 in all, were seized July 22 by the customs authorities in New York from a Swedish sailor, Jacobsen.

The diamonds were described by federal officials as plainly "loot." They were said to be perfectly cut and polished and for this and no other reasons they are believed to have formed a part of the Imperial Russian Crown collection which the Bolsheviks are said to have confiscated. The theory of the officers is that the diamonds were to be disposed of and the proceeds used in furthering the Bolshevik propaganda in the United States.

G. O. P. EDITORS
MEET HARDING
HEAR SPEECHOhio Republican Editors Lunch
With Senator in Marion

(By Associated Press)

Marion, O., August 13.—Republican fellow editors of Senator Harding from throughout Ohio came to Marion today to talk shop and politics at a luncheon in honor of the nominee.

The program included a speech by Senator Harding and a round table discussion of ways and means to coordinate republican publicity in the state during the campaign.

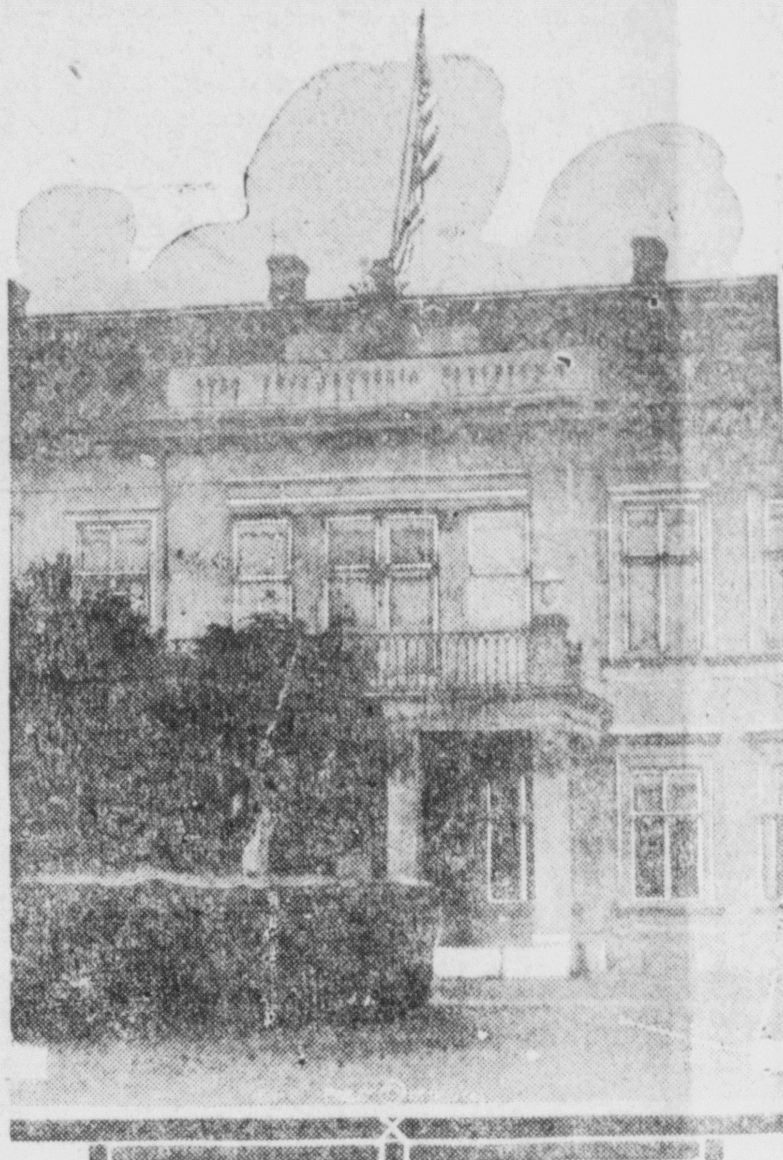

Unlike previous delegations of visitors the editors gathered in a downtown hall instead of on the Harding lawn and it was arranged for the Senator to make his speech there at the conclusion of the luncheon.

ATTEMPT TO
KILL PREMIER

Paris, August 12.—Premier Venizelos, of Greece, was attacked and wounded today as he was leaving the Lyon railroad station for Nice.

As the Premier stepped into a train two men fired revolvers at him. He was wounded slightly. His assailants were arrested.

The American legation in Warsaw.

The Russian Red forces are at the gates of Warsaw, and it seems that nothing can prevent their early occupation of the city. Will they permit the Stars and Stripes to continue flying over the American embassy building in the Polish capital, or will they haul it down to make way for the red flag of bolshevism?

Of The State

(By Associated Press)

Marion, O., August 13.—Replying in a speech here today to charges that the Republican party is "looking backward" Senator Harding declared that although the future held promise of new achievements and progress it would not do for the nation to forget the lessons of the past.

Without referring directly to the acceptance speech of Governor Cox, the Republican nominee repeated criticisms of his party made in that speech and replied that if to remember the teachings of the fathers of the republic was to live in the past, then he was "happy to drink of the past for my inspiration for tomorrow."

The Senator's address was made before the Ohio Republican Editorial Association and in it he took occasion to speak for a forest policy that would insure an adequate domestic supply of print paper pulp and fill other home demands.

He also advocated an editorial policy not partisan but patriotic and made a plea for honesty in all business relations.

Washington, August 12.—Moved by the reiterated pleas for aid from the Polish government, the War Department had under serious consideration today the request of Prince Lubomirsky, Polish minister, for permission to purchase war material from the United States.

VETS OFFER AID

Polish officials explained today that they were most anxious to obtain authorization of the United States to permit recruiting by Poles in America for the Polish army.

It was said that not only had many offers of enlistment been received by the legation from Polish citizens resident in the United States, but that many offers had come from former American veterans of the world war.

(By Associated Press)

Milwaukee, August 12.—Indorsement of the league of nations by the United States would have saved Poland, Franklin D. Roosevelt, Democratic nominee for vice president, declared here tonight in the closing speech of the first day of his western speaking trip.

The moral effect of American membership in the league would have halted the Russian armies without a single American soldier crossing the seas, he said.

"History will lay a great share of the responsibility for the plight of the splendid people of Poland upon those little, narrow men in the United States Senate, those little, narrow men who today control the machinery of the Republican party," Mr. Roosevelt declared.

Warsaw, August 13.—Russian soviet forces which are attacking the Polish lines northeast and east of the city have reached a point 25 miles from Warsaw. A state of siege has been declared here by the military governor.

The determination of the Bolsheviks to press onward to Warsaw showed itself at various points along the battle line today, there being hand to hand fighting in many instances.

The Poles savagely defended their positions and contested every foot of ground given up to the invaders.

Still Better Battery Service

It was our intention, when we inaugurated this specialized battery service several years ago, to render **GOOD** service. We did it. Then we made a new resolve, to render **BETTER** service, and that we did that was shown by the response from battery owners. Now, as in the natural course of any successful business, we are desirous of improving our service and to make this possible we must render **"STILL BETTER SERVICE."** That being our aim and desire, the battery owners of Fayette County have our past record to judge for themselves whether we will do it or not.

But really, it is difficult to improve an already adequate and dependable service. We have added, from time to time, the new and approved equipment to our plant until it has been brought up where it occupies a place second to none. We have improved our facilities for caring for greater business, and all the time our knowledge of the business has increased by actual experience and contact with difficult tasks. But to make our service "still better" we have only to cling to the principle of advancement which we have followed throughout. We're going to do just that.

Every Employee is a Specialist

In this specialized battery service of ours every employee is a specialist on batteries. Each man has been schooled, trained and experienced. They have the practical experience plus the theoretical schooling, the two things which when coupled together insure safety for your battery when entrusted to them.

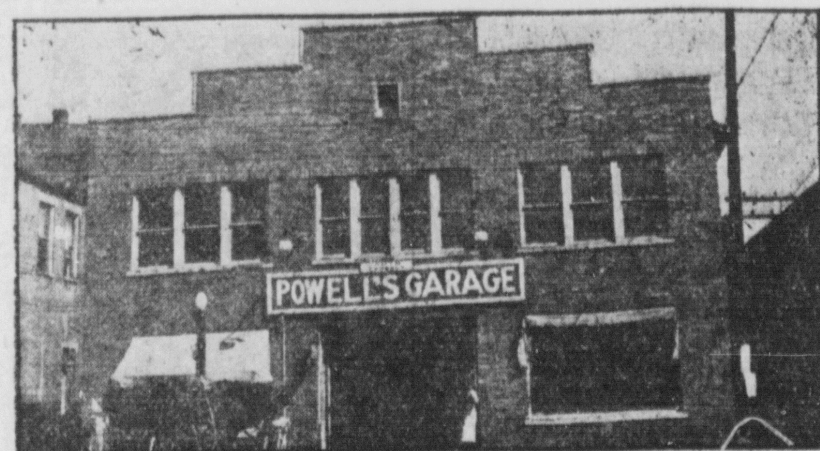

The service embodies the complete scope of starting and Lighting Batteries—repairing, rebuilding, reinsulating, charging, etc., and all sizes and models of new batteries for all cars. It's all here, and of the best.

The Still Better Willard

The large percentage of car manufacturers who equip their cars with the Willard Battery is in itself a recommendation you cannot afford to overlook when you purchase a new battery. To know the truth about the Willard come to us. They are "Still Better" too.

They've Let Us Out

Or rather, they'll now let you in; for the new street improvement is completed and now open to traffic. It has been quite an inconvenience to our patrons and to us, while the streets have been under improvement. But we're proud of this new smooth, floor-like surface of street in front of our door, and you can now reach us without inconvenience. We're looking for you.

You Can Drive Right In

Drive right up to the curb on this smooth street, and receive prompt attention; or *drive right in* if you choose. We have ample capacity for handling a number of cars with safety and convenience. Especially when the weather is bad, this drive-in feature is welcomed. It is convenient for you and enables us to go right ahead with your battery. No matter what make your present battery is, we want to serve you and we earnestly request that you make liberal use of our facilities for anything and all things pertaining to starting and lighting batteries. We are expecting you to make demands on us.

FEW HAVE COAL OUTLOOK POOR

With probably not to exceed 10 or 15 per cent of the citizens of Washington supplied with their winter's coal, and very little obtainable here, the outlook is anything but promising, particularly as announcement is made that very little coal will be available until November and the amount then may not be anything like sufficient to meet the demand. Dealers announce their inability to obtain coal in quantity, and in the meanwhile priority orders are piling up in all of the offices and will be filled as soon as the coal is available.

TRIBUTE

In Memory of Wilmer H. Brown.

Today is the signal which calls to mind the departure of Co. M. for the seat of war and with the Co. was Wilbur Brown who paid the last full measure of love's devotion. We cherish with veneration his Christian character, his devotion to parents, brothers and children.

WORM DAMAGING TOMATO CROP

Many persons in Fayette county are reporting serious damage to their tomato crop by a new worm which is said to be about 1 1/4 inches in length of brown in color, and which not only bores into the green tomato and thus ruins it, but also damages the leaves.

Some patches have been all but ruined in this manner. Slacked lime and light spraying with Paris green are being used, the latter being far more dangerous than the former, however.

NOISE IS GONE FROM UPTOWN

And the noise is gone from the up-town streets.

No more will the clatter of steel tired vehicles and steel shod horses disturb the quiet of the up-town district and make telephone conversation almost impossible at times and annoy business in general.

Only the racing motors of careless auto drivers can now disturb the peace of up-town.

All due to the resurfacing with asphalt which is virtually completed.

ANNOUNCEMENT TO FARMERS

In the death of Doctor O. D. Maddux the live stock industry of Fayette and adjoining counties has sustained a distinct loss.

Until such time as his place can be acceptably filled by an able man, I very much fear further losses may be sustained through inability to obtain proper Veterinary service; those now engaged in active practice here will render insofar as possible; but occasions will arise when it will not be humanly possible for these to attend all calls.

The live stock industry is our greatest industry and may it ever remain so; prompt and efficient Veterinary service is one of the essentials for its welfare and development.

While I have no desire to re-enter active general practice, but because of the facts mentioned, and because of my desire to promote in every way possible the farmers' best interests, permit me to here announce that until further notice, any one needing Veterinary service may call me at any and all times.

Remember, please, that I shall continue to make Swine practice my specialty; results of the past few years justify me in that procedure.

I have on hand, at all times, the best serum and bacterins that money can buy; and experience has taught the wisdom of my selections; however, I will use any particular brand the farmer may wish.

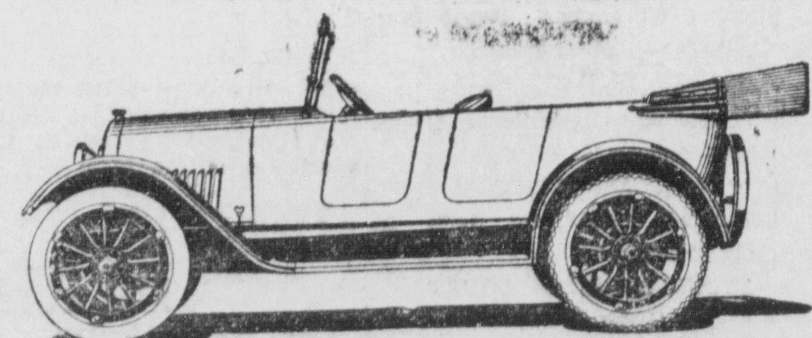

Respectfully,

GOOD GASOLINE AND GOOD OIL
MAKE A GOOD MOTOR BETTER

IT'S AN ILL WIND, ETC.

Great public improvements, like our street resurfacing, can hardly be put through without inconvenience to someone. This is not intended as a complaint—far from that,—for who is not proud of our street improvements? Rather it is to illustrate that—

Recently, while Court Street was under improvement it rendered our Tire Shop filling station practically useless to us, although provision was made to use it part time. We suggested to patrons to come to our other filling station on S. Fayette St. They responded, and many, finding it convenient and the service pleasing, continue to stop there.

That will greatly facilitate matters in that we can handle more cars at the up-town station and even improve our already satisfactory service. Whenever unable to get prompt service at the up-town station, owing to congestion, it's only about a couple of squares over good streets to the station on S. Fayette St.

ATHLETIC PITCHING STAFF FORMIDABLE

Never at any time have the Wash-
ington Athletics been supplied with a
pitching staff equal to the one which
is now named on the club roster.
Warming up for the selection of the
management last Sunday was Walter
Marcus, one of the best left handed
pitchers of Cincinnati; Lloyd Morris,
reliable twirler who has long been
an Athletic, and Sammy Marks, recent
addition to the staff.

This squad of pitchers would look
formidable to any semi-prof. team
in the country and they will be able
to carry Washington to the end of
the season without a defeat if given
reliable support and hitting in any
quantity, is the opinion of the fans.

LITTLE CHANGE IN SUGAR PRICE

So far the reduction in sugar prices
has not reached this community, and
the price for high grade sugar was
25 to 28 cents per pound among local
dealers Friday, with prospects of a
slight drop within a short time, and
an expected reaction after that.

At the present time the supply of
sugar is abundant, and dealers expect
if a small drop does come that there
will be such a rush for sugar that the
supply will again become scarce and
prices will once more take an up-
ward trend.

Some dealers who purchased a supply
to meet the trade, still have some of
the sugar on hands for which they
paid as high as 26 cents per pound.

Should a substantial drop come, be-
fore this supply is exhausted, the
dealer is helpless to protect himself
from the loss. A similar condition ex-
ists with wholesalers who purchased
to protect their trade and insure a
supply being available.

The cheaper grades of Java sugar,
which came in and broke the sugar
market, are said to be very unsatis-
factory and that many of the eastern
jobbers, finding themselves unable to
dispose of the Java sugar to the trade
took the loss and sold to the refiners
at raw sugar prices. The Java sugar
thus sold is to be re-refined.

for his recovery, and death was ex-
pected at any time.

Dr. Ervin entered the Fayette Hos-
pital last Friday evening to receive
special treatment for infection which
had resulted from a scratch on his
hand. Despite all medical attention
he has grown worse.

AUSTRIA GIVES UP GRAIN CONTROL PROVED A FARCE

(By Associated Press.)

Vienna. (By Mail)—Austria has
abolished government control of her
domestic grain supply after a bitter
political fight in which the advanced
parties were defeated by an over-
whelming vote of the combined
Christian Socialist-Grosse Deutsch
parties. Government control, it was
alleged, was a "farce."

While the grain of Austria is negli-
gible in the world's supply and but a
fraction of her own need, passage of
the decontrol act is interesting as a
popular demonstration of the line of
demarcation between the two great
political factions.

The economic experts of the Social-
ist wing declared the decontrol act a
reactionary measure in favor of the
agrarian element and predicted that
bread prices would rise because of it.

Advocates of the measure, on the
other hand, insisted that in spite of
laws the farmer with his foodstuffs
from the government requisition and
sold to the "left hand" trade, which
in turn profited by the risk they un-
dertook and ballooned prices. These
men say that decontrol means a
normal adjustment of prices to de-
mand and the sale of breadstuffs be-
ing legalized the farmer and miller
will again enter open competition in
a fair market.

The Decontrol Act brought the resig-
nation of Food Controller Lowen-
feldt-Russ. Under his leadership the
Social Democrats fought the bill
stage by stage. In its final shape the
bill provides that when the individ-
ual farmer has given up three-tenths
of his crop the rest of it is freed. The
bill also abolishes milling permits.

BIG CIRCUSES MISS LARGE POSTER SHEETS

Newspapers are not the only suf-
ferers of the present paper shortage.
The circus is likewise suffering from
the inadequate supply and much dif-
ficulty is being experienced in obtain-
ing the bright lithographs, which an-
nounce the coming of the show.

The Hagenbeck-Wallace Circus
which is to exhibit here on Monday,
August 23 has experienced much dif-
ficulty this season. The large stock of
paper heretofore so prominent on the
advances cars, is not in evidence this
season, and the supply is declared to
be billed as fast as it arrives.

According to the circus agent, the
Hagenbeck-Wallace Circus is suffer-
ing more than other tented shows.
It seems in all the large printing and
lithographing plants there are large
supplies of stock lithographs, but
this show is placing newly designed
paper upon the boards and in the
windows this season and the plant is
handicapped in securing fresh paper
for the Hagenbeck-Wallace people.

The lithographs and banners this
year picture many new and novel
trained animal acts, which construct
part of the circus program. Euro-
pean novelties are also advertised, as
well as the large menagerie, declared
to be one of the most complete in
the world. A free street parade is
another of the features advertised.

The Hagenbeck-Wallace Circus
will exhibit at the old Fair Grounds
both matinee and night, and during
its stay here a downtown ticket office
will be opened at Sollars Book Store,
Court street.

MORE CHILDREN ARE WORKING THAN YEAR AGO

(By Associated Press.)

Chicago, August 13.—Four thou-
sand and more children are working in
Chicago than a year ago, according
to Clyde A. Brown, acting director of
the city vocational bureau. The in-
crease in child labor is said to be
general in the Middle West but ex-
ceptions are noted in Missouri, Kan-
sas and North Dakota.

Necessity of the child helping the
family meet the high cost of living,
the pulling power of higher wages and
the scarcity of adult labor to-
gether with the discovery by employ-
ers that women and children often
could take the place of men were
cited by Mr. Brown among reasons
for a similar increase in child labor
in other parts of the United States.

Minnesota officials report that
child labor is nearly doubled in that
state. The greatest increase, they
say, is among children of
the "white collar" class whose pa-
rents have been forced by rising
prices to permit their children to
work. About 3000 under 16 years of
age are now at work in Minnesota.

Wisconsin statistics on child labor
for the year are not yet tabulated
but officials say enough returns are
in to indicate a considerable increase
over previous years. Some boys un-
der 16 years have been reported re-
ceiving \$100 a month.

T. C. Jennings, Texas state labor
commissioner, reports an increase of
about ten per cent in Texas child
labor over labor of last year.

Postponement of compulsory school
attendance he says has been a factor.
State Labor Commissioner Claude
E. Connally of Oklahoma says more
violations of child labor laws have
been brought to the attention of his
office this year than previously, from
which he deduces an increase in ju-
venile workers. Connally said the in-
crease in violations was probably
due to the fact that there was 50 per
cent more jobs in the state than
workers.

A single swallow doesn't make a
summer vacation either.

The School Levies

One of the most gratifying results of the voting last Tuesday was the very general indorsement given by the voters to the special school proposals—practically all of them asking for an increase in funds to maintain the schools.

We have all realized that the schools, almost everywhere, were running behind, financially, and that, without specially voted relief, serious curtailment of facilities was inevitable. At the same time we, none of us, failed to realize that any marked falling off in our educational facilities was a real menace to the nation.

Notwithstanding those facts, however, there has been a lack of support given the school authorities by the voters, in nearly all of the elections prior to those of last Tuesday, which was really alarming in its prospects.

The turning point came Tuesday. The result of the balloting in this city and county, and in the state generally, on special school proposals, seems to warrant the belief that, no matter how much the people are opposed to any increase in the burdens of taxation, they are determined that the school facilities must be kept abreast the marching line of progress both as a guarantee of present safety and an assurance of future development.

Thus far there is very little danger of the school authorities asking for more than they actually need. They are so far behind in receipts that it will only be by a matter of successive and separate steps that they can attain their proper places in the support accorded our most vitally important institutions.

Report From Mexico

After all these years of warfare in Mexico, we can scarcely credit the reports that the armies are being disbanded, the soldiers surrendering their arms and ammunition, and abandoning the life of the soldier of fortune and banditry and returning to the civil life and the industries of peace.

It has been difficult for this nation to maintain a "hands off" policy regarding Mexico while the Mexican people worked out their own destiny. The robber raids along the border have proved abundant opportunity for interested speculators, holding property and concessions in Mexico, to keep the public mind inflamed and misinformed.

The American people, aside from a few selfish individuals, have not coveted Mexico, nor any part of her vast riches. They have sought only the opening of Mexico to world trade so that her vast riches might be added to humanity's depleted treasury.

With order established in Mexico will come a clearer understanding of the problem and the real position of America. Trade resumption will follow automatically the coming of peace in Mexico and the world and Mexico will be the gainers.

The Soldiers and The Voters

The primary election results, generally considered, do not disclose that generous support of the soldier candidates, by the voters, which would prove that the obligations of war times are not forgotten.

We promised ourselves sincerely and without solicitation when, in 1917 and 1918, the world was menaced and our boys and men, left business, home and loved ones and marched away to war in defense of our liberties and our institutions, that we would ever be mindful of the obligation and whenever the soldier who returned from the hell of war asked us to extend a helping hand we would do so.

Well we had our opportunity on Tuesday and in many notable instances the helping hand was held back and, in almost every instance, to benefit gang politics and politicians at the expense of the soldier candidates.

We do not believe that we should support blindly every soldier candidate. If unworthy morally or unfit mentally support for public office should not be given simply because of his soldier record.

We do believe, however, that, regardless of party or faction all other features being equal or nearly so, the voters should support the soldier candidate. We should not permit partisan or factional politics to result in denying to any soldier candidate the vote he asks for but in many instances Tuesday that is what occurred.

POETRY FOR TODAY

WHEN I HAVE TIME
When I have time I'll take the road
That runs between the hills
And walk beside a little brook
That plays and sings and trills
An elfin tune.

Some afternoon the gypsy charm
Will lure me out of doors,
Where things are gay and green and warm
And glorious sunshine pours
All the afternoon.

Some morning when there's naught
to do,
I'll hie myself away
To woods and fields and skies of blue
And keep a holiday
Where nature calls.

Some happy time—yes, it may be
That such a day will dawn,
And out of doors will beckon me
And I will follow on
Till twilight falls.

SUGAR PRICE ON TOBOGGAN

New York, Aug. 12—Heavy decreases in the sugar market foreshadowed by movements during the past few days took place today. One large dealer reduced his list price on the fine granulated from 21 to a fraction over 17 cents a pound, and raw sugar sold on a basis of 13.04 cents which was 10 cents a pound less than the high level three months ago.

A pronounced weakness in raw sugar began early in the week, noticeable in future contracts on the exchange—and in the spot market. "Second hand" sugar, or speculative stocks, has been offered for some days.

Refined has been offered at 18 cents per pound for fine granulated, but no weakening on the part of refiners was in evidence until today.

Holders of large stocks of sugar expressed the fear that they had overstayed their market. Dealers declared the present weakness is due to lack of demand for refined sugar free offering from all parts of the world, and a feeling of unrest throughout the trade. Lack of demand indicates that heavy purchases early in the season were not entirely for immediate consumption.

STILL SEEKING NEW CORN PEST

Roy C. Thomas inspector of the State Agricultural Experiment station at Wooster, O., visited the farm of Thomas Hedges, this county, Tuesday, to obtain more samples of corn stalks being ravaged by the mysterious boring worm. It will be remembered that the pest, the identity of which is as yet unknown, was first discovered on the Hedges farm, last week. The state investigators have made no report of their finding with regards to the identity of the worm. The state scientists are convinced that it is the result of a bacterial disease. The worm bores through the center of the stalk. The linings of the stalk slough off and choke the circulation in the plant. Healthy specimens of corn are now being infected at the state station in hopes of establishing the identity of the worm and the disease it produces. Accompanying Mr. Thomas was Mr. Beach of Ohio State University agricultural department who viewed the results of recent tree spraying at the Yapple and Johnson orchards west of Chillicothe.—Chillicothe News.

THIS MAN INTENDS TO KEEP IT IN THE HOUSE

"In May or June, 1913, I sent to you and got four bottles which were worth many dollars to me. They enabled me to go to work again. I had lost 40 pounds, but these four bottles of Mayr's Wonderful Remedy for stomach trouble gained back all I had lost and I feel like a new man since I shall keep it in the house all the time." It is a simple harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. Tires Not All Alike

Contrary to all outward appearances, automobile tires of different makes are not alike. True, the same general principles are followed and the same raw materials may enter into their manufacture, but the finished products differ greatly. Then the plans of marketing are quite different too.

Some tire makers sell on long mileage adjustments—longer than should reasonably be expected at the price asked. Others enable the dealer to realize longer profits so he will make tremendous effort to sell their line, and many other plans are used in marketing. Here's the plan of marketing we suggest in selecting a tire—

Make It Prove Its Worth

If you have occasion to desire a change in the brand of tires you are using, select a known dependable brand from a reliable dealer; inquire how it holds up for others, and then put on ONE and try it out. Road service is the proof.

When you decide it is time for you to find a good tire and a good dealer to stick to, drop in and select from our line, which includes nothing but proven goods. We welcome the opportunity of putting on one of our tires alongside any other you may wish to test it with. You'll like our tires no less than the service that goes with the sale.

Low-Cost Mileage—Get It in Goodyear Small Car Tires

There is no economy in buying so-called bargains in tires offered at sensationally cheap prices when a well-made tire delivers mileage at a considerably lower rate of cost.

Add the time and trouble occasioned by frequent replacements and it is fully apparent why tire users, seeking real mileage economy, are not attracted to very cheaply priced tires.

The popularity of Goodyear Tires, of the 30 x 3-, 30 x 3½- and 31 x 4-inch sizes, is based on the fact that they are built to deliver exceptional mileage at low cost and consistently do so.

If you own a Ford, Chevrolet, Dort, Maxwell or other car taking these sizes, go to your nearest Service Station for Goodyear Tires—for true Goodyear mileage, value, economy.

30 x 3½ Goodyear Single-Cure Fabric, Anti-Skid Tread \$21.50

RANDOM NOTES

SOCIAL : PERSONAL MENTION : CLUBS

Miss Louise Blessing entertained with an elaborate six o'clock dinner of five courses Wednesday evening, honoring her guest Miss Pauline Belcher, of Delaware, Ohio.

Additional guests were Misses Marguerite McKillip of Chicago; Blessing Ball, of St. Louis, and Irene Terry of Kentucky. Corinne Barker and guest, Kathleen Parker of Columbus.

Miss Doris Willis proved a most charming young hostess Thursday afternoon, at an exceptionally pretty summer party in honor of her guest Miss Margaret Wertz, of Portsmouth.

The home was radiant with summer flowers, golden glow, field daisies and perennial peas in artistic arrangement.

The afternoon's gay chat was interspersed with Victrola music and the serving of a particularly delicious summer collation, the ice cream moulded in lilies, a pretty feature.

Miss Willis, who was wearing a modish gown of printed voile in shades of blue and tan, with trimmings of tan taffeta, was assisted in the delightful hospitalities by her mother, Mrs. J. Madison Willis, sister, Miss Gretchen, and aunt, Mrs. Scott Hopkins.

Miss Wertz wore a stunning gown of white satin, with overdress of peacock blue georgette, edged with fringe, very becoming to her fair type.

Miss Helen Buckley, of Washington, D. C., and Miss Dorothy Rogers, of Wilmington, were out of town additions to the twenty-five girls enjoying the affair.

Miss Mae Dawler, daughter of Mr. and Mrs. A. O. Dowler, of Lakeview avenue, and Mr. Elden Willis, son of Mr. and Mrs. J. H. Willis, of Delaware and Campbell streets, were united in marriage by Rev. G. E. Grove, at the Y. M. C. A. Thursday morning at ten o'clock.

The attendants were Miss Edna Dowler, sister of the bride, Misses Dorothy Crooks and Avonelle Crabtree.

The bride was very attractive in a tailored suit of navy blue, with georgette blouse and hat of the same shade.

Mr. and Mrs. Willis left for Springfield and a short trip and upon their return will make their home with the bride's parents. The bridegroom holds a position with the Sunlight Creameries.

Both young people have a large circle of friends who are cordially extending best wishes.

Interesting friends in this community as well as that of New Holland, is that of the marriage of Miss Maude Jester, daughter of Mr. and

Mrs. Joseph Jester, of New Holland, and Mr. George Bennis, son of Mr. and Mrs. Allen Bennis, of near New Holland.

The ceremony was performed in Circleville Wednesday.

The young people have not announced their future plans, but for the present will reside with his parents. The bridegroom is engaged in farming with his father.

Friends are offering heartiest congratulations.

Mr. Floyd Stevenson, a prosperous young grocer of Atlanta, and Miss Alice J. Gilmer, the accomplished daughter, of Mr. and Mrs. Allie Gilmer, of New Holland, were united in marriage Thursday morning at ten-thirty o'clock at the Methodist parsonage in Staunton, Rev. W. B. Rose officiating.

The bride's brother and Miss Andra Harper, of Buena Vista attended the young couple.

Mr. and Mrs. Stevenson left for Chillicothe on a short wedding trip. Friends are extending best wishes.

The G. R. C. of Sugar Grove church met at the home of Mrs. Will Elliott of the Anderson place Thursday afternoon for a very enjoyable meeting.

The lesson study was under the direction of Miss Edith Moore and there was a delightful social hour with refreshments.

The date and place of the next meeting is undecided.

A marriage which came as a surprise to a host of friends as well as numerous relatives took place at the First Baptist parsonage Thursday afternoon at three o'clock, when Mr. Homer Wilson, son of Mr. Alonzo Wilson, well known farmer south of town, wedded Miss Gladys Miller, daughter of Mr. and Mrs. Warren Miller of Frankfort.

The bride's parents and the bridegroom's brother, Mr. Wilbur Wilson, accompanied them to the parsonage, Rev. C. R. Ferguson performing the ring ceremony.

The bride, an extremely pretty girl, was wearing a smart summer gown of white organdy, with hat of white organdy, both lace trimmed.

Following the ceremony the little party was entertained by Mr. and Mrs. Wilbur Wilson, at their home near Good Hope with a wedding supper, appetizing in its menu and pretty in decoration.

Mr. Wilson, who has been engaged in farming with his father and enjoys more than the allotted share of popularity with his young friends, and his bride are temporarily at the Cherry Hotel. Both young people have the best wishes of their many friends.

Miss Helen Hanna of Madison Mills is the guest of Miss Pauline Crumrine of Columbus who who is spending her vacation with her parents.

Miss Lucretia Snyder of Fireport, Illinois, has returned to her home, after spending a week visiting Mr. and Mrs. P. J. Burke.

Mrs. Albert Ritchie and Mrs. Lizzie Jacks of Sabina visited with Mr. and Mrs. C. H. Greer and family in Jeffersonville Thursday.

Mrs. J. L. Mossbarger of Dayton and Miss Nellie Oblinger of Piqua will be the guests of Mrs. Taylor Mantle for a few days.

FINE AMUSEMENTS ON FAIR PROGRAM

Bang-Up Entertainment Is Arranged For Pleasure of Ohio Exposition Visitors.

HORSE SHOW BIG FEATURE

Thousand Children Will Appear in Daily Pageant—Fireworks, Auto Polo, Auto Races and Vaudeville on List.

State fairs of the present day must have plenty of high-grade and varied amusements if they are to "go over" with a smash. The time of cheap entertainment is past. Experience has demonstrated that fair visitors demand the best, the same as they demand the most meritorious in the educational and competitive departments. Each year the recreational side of the Ohio state fair has shown great improvement in this respect.

The coming Buckeye exposition at Columbus, the entire week of Aug. 30 to Sept. 4, will offer bang-up entertainment features that could make good in the most exacting circus ring or vaudeville stage. Efforts have been made this year to provide entertainment of a sort that will appeal to all fair visitors.

State Secretary of Agriculture N. E. Shaw declares that amusements at a fair are more important to the general success of the exposition than most persons believe. He says farmers and their families, after a day of active sight-seeing on the grounds, are anxious for recreation in the evening and are quite willing to pay the price for entertainment, provided it is exceptionally good.

In a sense, the daily horse racing falls in the amusement class. To add an extra dash of excitement to the races this year, arrangements have been completed for a game of auto polo, one of the most dangerous sports, to be played each afternoon in front of the grandstand. This is a sport that is gaining popularity rapidly because of its thrilling nature.

During the early evening on each day of the fair, 1,000 Columbus children will participate in an agricultural pageant, which will take note of the seventieth anniversary of the fair. The pageant was written and will be directed by J. Clarence Sullivan of Columbus. It is said to be the most pretentious effort of this talented and widely known producer. Mr. Sullivan has just returned from New York, where he purchased costumes and special lighting and scenic effects for use in the presentation.

Immediately following the pageant, there will be an elaborate display of real fireworks, with more snap in it than usual. There will be a number of special "sets," but the idea of brief and novel spectacles will be foremost.

The big Coliseum, however, will be the chief scene of night life at the fair. The bill there will be opened with a cattle parade, in which the finest specimens on the ground will participate. Then there will be a vaudeville program of eight or nine splendid acts, followed by what promises to be the best horse show ever held in the state. A game of auto polo will finish the entertainment each evening.

Throughout the week music will be furnished by the Fred Lowe, Canton, and Scotch Highlanders' bands. On Saturday afternoon, "Columbus Day," automobile races will be conducted at the track.

Enlarges Fish Exhibition.

Superintendent Baxter of the Ohio state fish and game department announces that the exhibition of fish from Ohio lakes and streams in the aquarium on the state fair grounds will be larger and more representative at the fair this year, Aug. 30 to Sept. 4, than in the past. In connection with the exhibition of fish, the department will present a large display of Ohio game.

COX AND HARDING LIKELY TO SPEAK AT STATE FAIR

WANT to rub elbows with the next president of the United States?

Those who attend the Ohio state fair at Columbus, Aug. 30 to Sept. 4, may have that opportunity.

Both Governor James M. Cox, the Democratic nominee, and Senator Warren G. Harding, the Republican nominee, have been invited to attend the exposition.

It is expected they will accept, as both are Ohioans and would have the chance at the fair to mingle with the people of their own state, who have bestowed signal honors upon them in the past.

The two presidential candidates have indicated their desire to attend. Fair officials are hopeful that both will be present on Tuesday, Aug. 31. The occasion would be designated "Presidential Day." The immense Coliseum would be made available to them for speaking.

If the candidates can arrange to attend, the largest crowd that ever attended the state fair is anticipated.

AUTUMN STYLES

"Character Hats"

The new metallic effects in trimming are shown on the line of taffeta hats just received.

These sailor models are all "Character Hats," the hat of individuality—no two of them alike and all hand made—and are just a little different from others in style.

You are cordially invited to inspect these new styles, which are suitable for present as well as later wear.

FUNERAL SERVICES OF MRS. LOUISA MYERS

The funeral services of Mrs. Louisa Myers were conducted by Rev. Kearns Preston, Presbyterian minister, at the home in Bloomingburg Thursday afternoon.

The rooms were crowded with relatives and the friends of this remarkable woman who had past the eightieth milestone in the esteem of her community and left twelve children the memory of a well worth while life.

The minister read the hymns and made an excellent talk. An abundance of beautiful flowers surrounded the casket.

The burial was made in the family lot of Bloomingburg cemetery with the acting pallbearers six grandsons, Henry and Charles Ward, Earnest Wealty, Harold Myers, Denn and Ervin Penn.

AL BASEBALL TEAMS WILL BE IN ACTION

Once again the baseball teams of Fayette county are lining up for their Sunday games and hardly a town in the county will be without its diamond struggle.

Followers of the Washington Athletics will be forced to go to Wilmington Sunday to see them in action where the game is on with the Clintons. It will be the fourth meeting of the season for the Athletics and Clintons and until this time the locals have failed once to defeat the Wilmington bunch.

Jeffersonville has decided to stay away from the ranks of the amateurs from now on and is scheduling games with fast semipro company. Sunday afternoon northern Fayette fans will see the Cincinnati White Sox in action. Heironimus is slated to do the slab work for the Tigers with Skinner receiving.

Good Hope will not play at home this Sunday but will go to Summit where they scheduled their game.

New Holland moves over to Mt. Sterling to meet the Mt. Sterling nine on their own home lot.

The four or five other teams of the county announce that they will schedule for Sunday but have not yet secured their games.

A bad memory is the skeleton in the liar's closet.

TWO-MILL LEVY TO RAISE \$20,000

The two mill levy for school purposes, voted in this city at the recent election, and which can remain in effect for a period of five years, will add more than \$20,000 to the funds for conducting the schools and also relieve some of the financial pressure on the city.

The first installment of the two mill levy will be placed on the duplicate for collection in December, and the schools can receive the first distribution next February.

It is expected the levy will enable the schools to be conducted on the same advanced plan as heretofore.

K. OF P. LODGE TO HAVE A HOMECOMING DAY

Sunflower Lodge, Knights of Pythias, of Jeffersonville, has arranged a picnic and homecoming on next Monday, August 16th, which will be known as the First Annual Picnic and Homecoming and which will be held in the Frank Marshall grove about one mile west of Jeffersonville. The Pythian Sisters Lodge will be guests.

A track meet, horseshoe pitching, trap shooting, rifle shooting and numerous other contests, including a ball game will be features of the day. Managers of the track meet are G. H. Brock and G. Marshall. Roy Dill will have charge of the trap shooting, and Almer Robinson will take care of the rifle shoot.

The ball game will be between the Whitehead Giants and the Marshall Sluggers, two teams picked from the lodge membership. To make the game even the lodge membership has also been divided into two groups of rooters.

The last thing on the program will be a tug of war and a cafeteria supper will follow, served by the Mrs. Etna Coil.

THOSE WERE THE HAPPY DAYS

FRANCE'S PASSION PLAY REOPENED AFTER FIVE YEARS

Nancy, France, (By Mail)—France's "Passion Play" rivalling that of Oberammergau, has opened its season here after five years of war's interruption. It was given, as it has been since 1904, in the Passion Theater, under the direction of M. Pettit, the village priest, with his parishioners as the cast. The play costuming, verse, music and equipment have been developed an improved since the pre-war performances.

There are 16 scenes depicting the Bible incidents from the Birth to the Resurrection. The play runs from 9 a. m. to noon and from 1:30 to 5:00. Intermissions between the scenes are filled with tableaux representing, principally, prophetic passages of the Old Testament bearing upon the running story.

The text, where it is not that of the Bible, is the verse of various poets and the music is taken or adapted from various composers. M. Pettit says he has utilized from all sources whatever he believed he needed to make a beautiful ensemble.

The naturalness of the players, none of whom are professionals, critics said, was heightened by the deftness and ingenuity of the staging. One of the difficult things to produce was the Crucifixion, where the movement of the principal depicting Christ on the cross or, during the decent, might easily be misinterpreted. On the cross the long white winding sheet is draped under the principal's arms and over the two arms of the cross. The ends of the cloth, floating like wings, add much to the effect and serve the real purpose by enabling the characters to lower the apparently inert figure, supported safely as he is, by the cloth under his arms.

The play is to be given every Sunday until the middle of October.

WAGE INCREASE WOULD BOOST PAY MILLIONS

Washington, August 7. — New wage schedules filed with the navy yards wage board represent an annual increase of \$45,000,000 for employees of the 43 yards, according to an official estimate prepared by the board. The conference closed today and it was expected that about two weeks would be required by the board to review all the testimony, statistics and other data presented by the various trade delegations. August 20 was tentatively set as the date on which a decision might be expected.

The case of clerical workers, one of the last presented was cited as typical of those which would require action of Congress. Numbering 3000 in all, clerks, bookkeepers and similar "trades" requested increases totaling \$3,000,000 per annum. The present wage scales are specified, however, by law and department officials have held they would be unable to alter them without action by Congress.

Sugarless Jellies.
 Sugarless jellies and preserves will be among the many unusual exhibits in the woman's department of the state fair at Columbus, Aug. 30 to Sept. 4. With sugar prices almost out of reach, many Ohio housewives have turned to substitutes for sugar during the canning season.

Still Same Old Price.
 There is at least one thing that has not gone up in price. Admission to the state fair at Columbus, Aug. 30 to Sept. 4, will be 50 cents this year, the same as it has been according to exposition officials.

Starting Wednesday evening the Church of All Things Common of Washington went into session on the campmeeting grounds on Washington avenue. The meetings are to con-

tinue until a week from Sunday. On next Sunday evening the General Assembly proper will be held with an election of officers.

WAR PROSPECTS SEND WHEAT UP

Wars and rumors of war are combining to send the price of wheat upward once more, and with the market opening higher Friday morning the local price was \$2.30, or 30 cents higher than ten days ago, so that one-half of the loss in the past three weeks had been regained.

France and Italy are heavy buyers at the present time, and Brazil has been buying some of the American product—a thing somewhat out of the ordinary, considering the fact that Argentine wheat is at her very door. Argentine is understood to have an embargo on exports, however.

Belief exists that the price of wheat will continue to increase. Meanwhile the bulk of Fayette county farmers have their grain stored on their farms.

TOO MUCH SPEED ON NEW STREETS

With no series of ruts to hold down the speed of automobiles on the up-town streets, the police force is finding increased work since the resurfacing of the streets, in holding down the speed of automobiles, which have suddenly increased their rate from five to fifteen miles greater than before because of the smooth surface.

The danger thus caused is very great in the up-town section, and it is the intention of Mayor Dahl to require observance of the law regulating the speed of machines in congested areas, and arrest and fines are in prospect as a means of applying the brakes on some of the machines.

proved by the Andrews Asphalt Paving Company with the remainder of the street.

It is the intention of the B. & O. to complete the crossing work in this city without further delay.

THE END OF THE WORLD

.... St. Matt. 18:49-50

"When the Son of Man shall come in his glory, and all the holy angels with Him, then shall he sit upon the throne of his glory: And before him shall be gathered all nations; and he shall separate them one from the other as a shepherd divideth his sheep from the goats." St. Matt. 25:31-32. "So shall it be the end of this world. The Son of Man shall send forth his angels, and they shall gather out of his Kingdom all things that offend, and them which do iniquity, and shall cast them into a furnace of fire; there shall be wailing and gnashing of teeth. Then shall the righteous shine forth as the sun in the Kingdom of their Father." St. Matt. 13:40-43.

"The Lord is not slack concerning his promise as some men count slackness; but is long suffering to us-ward, not willing that any should perish, but that all should come to repentance."

"But the day of the Lord will come as a thief in the night; in which the heavens shall pass away with a great noise, and the elements shall melt with fervent heat, the earth also and the works that are therein shall be burnt up. Seeing then all these things shall be dissolved, what manner of persons ought ye to be in all holy conversation and godliness, looking for and lasting until the coming of the day of God wherein the heavens being on fire shall be dissolved, and the elements shall melt with fervent heat?"

"Nevertheless we according to this promise, look for new heavens and a new earth, wherein dwelleth righteousness." (2 Peter 3:9-13, 3:14; Rev. 21:1-3; Acts 2:38-39.)

"Who among us shall dwell with the devouring fire? Who among us shall dwell with everlasting burnings?" (Isiah 33:14.)

"MY STOMACH WAS IN AWFUL SHAPE"

Was Also Badly Constipated; Had no Appetite and Rest Was Broken at Night. Gives Praise to Dreco for Quick Relief.

"I have taken the new root and herb juices remedy, Dreco, and find that it had materially helped my indigestion. My bowels now move smoothly and regularly every day, and I have more vigor, energy and vital force than in a long time. Although I am 65 years old, Dreco has done me worlds of good." These are the words of that highly respected citizen, Mr. J. M. Orr, of 125 Edgewood Ave., Dayton, O., in a signed statement for publication.

Like hundreds of others he didn't think anything could relieve him. He had lost faith and given up hope, content to struggle through existence as best he could. Like scores of others, some friend told him about Dreco and the wonderful work it was reported to be doing in just such cases as his. He tried it as a last resort, and now, after only one bottle, he gladly tells the world how it wiped out his ailments and he is once more able to enjoy his work and his meals.

Men and women who think their cases hopeless, are advised to try Dreco, and see for themselves why hundreds of others are now praising it wherever they go. Stomach troubles, catarrh, constipation, kidney and liver complaints, blood disorders and similar diseases are reported every day quickly relieved by this wonderful medicinal discovery.

All druggists now sell Dreco and it is being especially introduced in Washington C. H. by Frank Christopher.

"WAS JUST THE THING I NEEDED," HE SAYS

Railroad Man, Victim of Catarrh of Head and Stomach, Was Almost Past Going — Work a Pleasure Now.

"The best proof I can give that Tan-lac is the right thing for me is the way it has relieved my suffering and is building me up," said W. T. Eu-bank, 1412 Stewart street, Richmond, Va. Mr. Eubank, who is employed at the Chesapeake & Ohio railroad shops, has lived in Richmond for twenty years and is highly respected by all who know him.

"I had been a victim of catarrh of the head and stomach," explained Mr. Eubank, "for a number of years. My head first became affected and my stomach also got badly out of shape and I became almost a chronic dyspep-tic. I would get up in the mornings with a full feeling in my head and a sickening sensation in my stomach that stayed with me for hours. I lost my appetite and what little I did eat caused a pressure on my lungs that almost cut off my breath. I had no relish for food of any kind and nothing tasted right or agreed with me. My sleep was always poor and I invariably got up in the mornings with a tired feeling. In fact I was a sick man trying to work and rarely ever drew a full month's pay on account

of having to lay off from one to three days a week. When I was up trying to work I felt so weak and dizzy that I couldn't take proper interest in my job.

"Neither the medicine prescribed nor any of the many other kinds I took helped me, but Tanlac has acted altogether different. The first few doses helped me and I found after taking the first bottle that it suited my case exactly. I am now feeling better in every way than I have in a long time. My appetite is splendid and what I eat tastes good and makes me feel stronger. I am never trou-bled any more with indigestion, that tight feeling has disappeared from my chest and my breathing is free and easy. I sleep fine at night, get up mornings feeling thoroughly rested and am able to put in full time at my work every day. Tanlac has done me more good in a few weeks time than everything else I have taken in six years put together. My only regret is that I did not take it long ago, as it would have saved me a world of suffering, to say nothing of the money I spent trying to get my health back."

Tanlac is sold in Washington by C. S. Haver, in Lowell by Mason's Drug Store, in Jeffersonville by J. B. Davis, in Octa by I. W. Murphy and in Mil-edgeville, E. L. Ford Sons, Lee Ort-man, Selden. — Advt.

THREE SOLONS FAIL TO ATTEND COUNCIL MEET

A special meeting of the city coun-cil, called for Friday night to take up the gas and electric rate questions in this city, resulted in no business being transacted because of the ab-sence of Rowe, Bloomer and Reichert, and as a result another meeting was called for Saturday night of this week at 7:30 o'clock.

The call for a meeting was signed by Himmler, Kingsbury, Brownell and Coffman, all of whom were present, and the announced purpose of the call was for taking up the gas and elec-tric question with a view to make ad-justment of rates, and for other busi-ness that might come up.

The call for the next meeting was signed by the same men who had signed the previous call.

SPINE CONCUSSION CAUSED BY FALL

Wm. Lynch, Briar Avenue, is in a dangerous condition at his home suf-fering with concussion of the spine, caused by a fall of about twenty-five feet which occurred Wednesday.

Mr. Lynch was repairing the roof of his barn and had placed his ladder against the eaves when the ladder slipped in the mud and he fell to the ground, landing on his feet. His condition will keep him confined to his home for some time.

FIREMEN SUMMONED AT AN EARLY HOUR

About four o'clock Friday morning the city firemen were routed from their beds by a call that came in from near the D. T. & I. tracks at Elm street that a box car was blazing.

The car, which was filled with building brick had caught presumably from a hot box, was not damaged to any extent.

COMPLETES TRAINING AT HODSON HOSPITAL

Miss Lucile Wood, nurse in the Hod-son Hospital, will complete her course in nurses training Saturday and will receive the diploma of a gradu-ate nurse. Miss Wood has been in train-ing at the Hodson Hospital for two years.

She will leave Wednesday for an extended vacation in Cincinnati and will then return to this city to engage in her profession.
